“Without Five Counties, I would not be where I am today.”

A LIFELONG PARTNERSHIP

As long as I can remember, Five Counties has been part of my life. I was diagnosed with Cerebral Palsy when I was 9 months old. For 19 years, I received help from Five Counties Children’s Centre. They have been there for me through all my challenges and successes.

THE FIRST DAY OF SCHOOL

On my first day of school, Five Counties made sure I had a walker. It let me do everything I wanted to do. I could colour at a table or play in a corner and get there by myself. Going to school felt very normal – it was what I was supposed to do and I did it.

OVERCOMING CHALLENGES

Over the years, I had many surgeries to help improve my chances of walking independently. Five Counties was there through each and every one. I was often angry about physiotherapy because it was painful, but my therapists were always there to encourage me.

With your help, many children will be able to realize their amazing potential – just like I did.

Thank you for your generosity.

TAKING CONTROL

Five Counties helped me participate in recreational activities. Sports really motivated me, I started to set my own goals and I achieved them. I felt good about what I could do.

GIVING BACK

My career choice is directly linked to the impact Five Counties has had on my life. With the help of Five Counties my physical potential and self-confidence grew. Just as importantly, they helped me become who I am today – a teacher and a volunteer in the community. What Five Counties was for me, I can now be for someone else.
