

Dear Five Counties Families,

Children, youth and families are the heart of Five Counties Children's Centre. This unprecedented public health emergency has left families reeling with the ongoing closures of services that support families. The health and safety of our families and staff are of the utmost concern and were at the forefront of our very difficult decision to cancel our services to families.

We will continue to share information as the environment changes and impacts the services we offer. We cannot plan too far ahead as we have seen the pace at which things change.

This is a difficult, and perhaps scary time for our families. Some of our Five Counties Kids have vulnerabilities that may put them at increased risk.

Our incredible team continues to be available to support you as they continue to work remotely and offer support to our families. If you have questions or concerns you can reach out to our team by calling your therapist (www.fivecounties.on.ca/about-us/contact-us/) or via email at our info@fivecounties.on.ca email account. They are checking their voicemail and email daily.

We will also share information and resources on our social media sites. You can find us on Facebook at facebook.com/FiveCountiesChildrensCentre; and Twitter at twitter.com/5CountiesKids.

Thank you all for your patience and understanding during this time. You and your family are very much in our thoughts and we look forward to providing In Centre Care therapy and care to your children soon.

Sincerely,
Diane Pick
