## **General Principles**

In accordance with the *Accessibility Standards for Customer Service, Ontario Regulation 429/07*, this policy addresses the following:

- A. The Provision of Goods and Services to Persons with Disabilities;
- B. The Use of Assistive Devices (staff to be familiar with supports, assistive devices, etc.)

- C. The Use of Guide Dogs, Service Animals and Service Dogs
- D. The Use of Support Persons
- E. Notice of Service Disruptions
- F. Customer Feedback
- G. Training
- H. Notice of Availability and Format of Required Documents

A. The Provision of Goods and Services to Persons with Disabilities

Five Counties Children's Centre will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- ensuring that all clients receive the same value and quality;
- allowing clients with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk;
- using alternative methods when possible to ensure that clients with disabilities have access to the same services, in the same place and in a similar manner;
- taking into account individual needs when providing goods and services; and
- communicating in a manner that takes into account the client's disability.

B. The Use of Assistive Devices

Client's own assistive device(s):

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided by Five Counties Children's Centre.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services. For example, open flames and oxygen tanks cannot be near one another. Therefore, the accommodation of a customer with an oxygen tank may involve ensuring the customer is in a location that would be considered safe for both the customer and business. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the customer.

Assistive devices provided by Five Counties Children's Centre:

Five Counties Children's Centre provides many devices to clients requiring them. Please speak to your therapist or the intake coordinator with regards to the availability of devices that you may require specific to your needs or your child's needs.

### C. The Use of Guide Dogs, Service Animals and Service Dogs

A customer with a disability that is accompanied by a guide dog, service animal or service dog will be allowed access to premises that are open to the public unless otherwise excluded by law. "No pet" policies do not apply to guide dogs, service animals and/or service dogs.

#### Recognizing a Guide Dog, Service Dog and/or Service Animal:

If it is not readily apparent that the animal is being used by the customer for reasons relating to his or her disability, Five Counties may request verification from the customer. Verification may include:

- a letter from a physician or nurse confirming that the person requires the animal for reasons related to the disability;
- a valid identification card signed by the Attorney General of Canada; or,
- a certificate of training from a recognized guide dog or service animal training school.

#### Care and Control of the Animal:

The customer that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all times.

#### Allergies:

If a health and safety concern presents itself, for example in the form of a severe allergy to the animal, Five Counties Children's Centre will make all reasonable efforts to meet the needs of all individuals.

### D. Support Persons

People with a disability who are accompanied by a support person have the right to have access to that support person while accessing goods and services of Five Counties Children's Centre. If discussing confidential information and a support person (other than a parent or guardian) is present, consent must be obtained from the customer to have this conversation in the presence of the support person prior to any such conversation. (Employees are to ensure compliance with confidentiality policies: CHNS 07 and CHNS 06.)

### E. Notice of Service Disruptions

In some circumstances such as in the situation of unplanned temporary disruptions, advance notice may not be possible.
